Safe and non-invasive therapeutic solution

Information for Use

How to use:

- Plan how you wish to introduce the Weighted Therapy Animal to the user. As a guide, the Weighted Therapy Animal should be used for approximately 20-40 minutes at a time and then removed for at least the same period before it is used again. (Consult with an OT for individual guidance).
- Initially we recommend short periods (10-15 minutes) building up the length of use and the occasions you choose to use the Weighted Therapy Animal.
- Ensure that the user is consistently comfortable and content with the deep pressure they experience.
