- Weight – 1.25kg.
- Dimensions (approx.) – (L) 45cm x (W) 18cm

Good for:

Calming and relaxing.
Reducing the need for repetitive sensory seeking.

Improving state of wellbeing.
Enabling self-regulation.

Improving concentration, focus & attention.
Improving body awareness.

Safe and non-invasive therapeutic solution.

How to use:

- Plan how you wish to introduce the Weighted Tactile Sheep to the user.
- As a guide, the Weighted Tactile Sheep should be used for approximately 20-40 minutes at a time and then removed for at least the same period before it is used again. (Consult with an OT for individual guidance).
- Initially we recommend short periods (10-15 minutes) building up the length of use and the occasions you choose to use the Weighted Tactile Sheep.
- Ensure that the user is consistently comfortable and content with the deep pressure they experience.
